Introduction

Feedback is a two-way communication process between the organization and all the stakeholders. It helps in understanding the strengths, weaknesses, opportunities and challenges the organization faces. It is a part of continuous evaluation for regular improvisations. Feedback from teachers inculcates a sense of ownership of the organization and makes them feel valued and responsible.

The University in its mission for continuous improvement in all areas has entrusted the Internal Quality Assurance Cell (IQAC) with the responsibility for arranging feedback responses from all stakeholders of the University. Teacher feedback on the curriculum plays a pivotal role in maintaining and enhancing the quality of education. Their insights offer valuable perspectives on the relevance, effectiveness, and suitability of instructional materials and methods. By actively involving teachers in the feedback process, K.R. Mangalam University ensures that the curriculum aligns with student needs, fosters engagement, and promotes meaningful learning experiences.

For the academic session 2020-21, feedback was obtained from teachers of various Schools of study.

A printed survey form comprising 07 statements to be rated on a five-point scale (Strongly Agree, Agree, Somewhat Agree, Disagree and Strongly Disagree) was administered to teachers of K.R. Mangalam University to obtain feedback on the curriculum.

A tabular and diagrammatic representation of Statement-wise analysis of the feedback received from the teachers is given below.
