ACKNOWLEDGMENT

I would like to express my special thanks and gratitude to my teacher Mrs. Manchan Khatri who gave me a golden opportunity to visit a school and to feel the total experience of teachers in the school. She helped me by providing me the understanding about teaching and learning in school environment. I am extremely thankful to all the faculty members for providing such a nice support and guidance especially to my subject teacher.

Thank you all!

CASE STUDY OF SCHOOL

A case study is a research strategy and an empirical inquiry that investigates a phenomenon within its real-life context.

Case studies may also be stated such as analysis of persons, groups, events, decisions, periods, policies, institution or other systems that are studied holistically by one or more methods.

Case can be an effective way to learn in the classroom. Many students learn better using real-life examples. and

case study allows students to be able to -:

- (i) Determine pertinent information.
- (ii) Identify the problem and its parameters
- (iii) Identify possible solution
- (iv) Make decisions to fix the problems.
- (v) Form strategies and ideas for action.

of the students. It also helped me to understand what are the do's and don'ts that I should do during teaching.

It also helped me to how to manage time as we have to both teach the students and do some fun and interesting activities with them too.

The activities helped me understand how every student come up with their own interesting ideas and opinions. This also helped me to guess their knowledge about the things happening around us.

The programme also made me understand and how students behave in the classroom, their behaviour with the teacher, with their fellow students and their friends. It also helped me as how to tackle and solve the problem occurring in a classroom.

At last, I can say that this programme helped me lot in every way
