## B.A. (H) Economics

Session 2021-24

SHES351A	Internship	C
Version 1.0		2

### Description:

Internships in Economics offer students invaluable opportunities to apply their academic knowledge to real-world scenarios, gain practical experience, and develop crucial skills for their future careers. These internships typically range from placements in government agencies, financial institutions, research organizations, consulting firms, to various industries where economic analysis plays a pivotal role.

### Objectives:

1. One of the primary objectives of an internship for economics students is to provide them with the opportunity to apply theoretical concepts learned in the classroom to real-world scenarios.
2. Internships aim to develop a diverse set of skills essential for success in the field of economics.
3. Students learn about workplace dynamics, professional etiquette, teamwork, time management, and project management, all of which are crucial for their future careers.
4. Internships significantly enhance a student's resume, making them more competitive in the job market upon graduation.
5. They gain confidence in their abilities, learn to adapt to new challenges, and develop a deeper understanding of their strengths, weaknesses, and career aspirations.

### Types of Economic Internships:

**Government Agencies:** Interning at government agencies such as the Banks, Ministries, RBI etc. offers students insight into economic policymaking, data analysis, and research.

**Financial Institutions:** Interning at banks, investment firms, or insurance companies provides students with exposure to financial markets, economic forecasting, risk analysis, and investment strategies.

**Research Organizations:** Organizations like think tanks, economic research institutes, and non-profits often offer internships focused on economic research, policy analysis, and advocacy work.

**Corporate Internships:** Some corporations hire economics interns to work in areas such as pricing analysis, market research, demand forecasting, and business strategy, digital marketing, data analysis etc.

### Guidelines for students:

1. All the students need to go for internship for minimum of 4 weeks.
2. Students can take mini projects, assignments, case studies by discussing it with concerned authority from industry and can work on it during internship.
3. All students should compulsorily follow the rules and regulations as laid by industry.
4. Every student should take prior permissions from concerned industrial authority if they want to use any drawings, photographs or any other document from industry.
5. Student should follow all ethical practices and SOP of industry.
6. Students have to take necessary health and safety precautions as laid by the industry.
7. Student should contact his /her academic guide from University on weekly basis to communicate the progress.
8. Each student has to prepare internship report in consultation with the academic guide.

### Internship Report

After completion of Internship, the student should prepare a comprehensive report to indicate what he has observed and learnt in the training period. The student may contact Industrial Supervisor/ Faculty Mentor/TPO for assigning special topics and problems and should prepare the final report on the assigned topics. The training report should be signed by the Internship Supervisor and Faculty Mentor.

**The Internship report will be evaluated on the basis of following criteria:**

- i. Originality.
- ii. Adequacy and purposeful write-up.
- iii. Organization, format, drawings, sketches, style, language etc.
- iv. Variety and relevance of learning experience.
- v. Practical applications, relationships with basic theory and concepts taught in the course.
