PREFACE

K.R. Mangalam University envisions all its programmes in the best interest of their students and in this endeavour; it offers a new vision to all its courses. It imbibes an Learning Outcome Based Curriculum Framework (LOCF) for all its programmes to provide a focused, student-centric syllabus with an agenda to structure the teaching-learning experiences in a more outcome-based perspective. This outcome-based curriculum strengthens students' experiences and prepares the students for academia, employability, sustainability, and life-long learning.

Each programme reflects the promise to accomplish the learning outcomes by studying the courses. The graduate attributes encompass values related to well-being, emotional stability, critical thinking, social justice, and entrepreneurship skills.

The courses offered by the School of Humanities aim at imparting and generating knowledge on emerging issues and problems of contemporary society, economy, literature, history, psychology and Chinese studies. The programme structure is flexible and is interdisciplinary. At the end of the programme, a student would be equipped with analytical skills, theoretical knowledge, and would be prepared for practical application of those skills.

K.R. Mangalam University hopes the outcome-based curriculum will help students with critical thinking, problem solving, creativity, and collaboration skills along with professional knowledge.
