Subject: Collaboration between C-DAC and K R Mangalam University for Training & Research Activities

Dear Sir

Kind reference is invited to the discussion held, dated 7<sup>th</sup> April 2022 to explore the Academic and Research partnership through mutual cooperation in training and research.

In view of the above, following areas of cooperation/collaboration are identified.

1. Training the Faculty members at K R Mangalam University in emerging technologies
2. Conduct Bridge course to students studying in K R Mangalam University
3. Student exchange for research and study
4. Joint research activities
5. Exchange of academic materials and other information
6. Participation in seminars/webinars in emerging technologies
7. Resource persons for conference/research

It is requested to provide your go-ahead/consent to initiate the above-mentioned activities jointly for mutual growth and parallelly the MoU may be work out.

Yours Sincerely

*Tushar Kanti Patnaik*

**K.R. MANGALAM UNIVERSITY**  
THE COMPLETE WORLD OF EDUCATION

Ref No.: KRMU/SOET/Notice/2021-22/

Date: 13.06.2022

**SCHOOL OF ENGINEERING AND TECHNOLOGY**

**NOTICE**

The School of Engineering and Technology at K.R. Mangalam University, in collaboration with CDAC Noida, is organizing a training program that focuses on Big Data Analytics. The course aims to train faculty members on the latest technologies in Big Data Analytics. The program will equip them with the knowledge and skills to apply Big Data Analytics in real-time applications and specialized research areas.

The training program is scheduled to run from July 11th to 22nd, 2022. The resource persons for the program will be Mr. Sunil Kumar, Ms. Akanksha, and Ms. Chandni. Faculty members from other schools are also welcome to attend and benefit from this program. The event will be held virtually and will be coordinated by Dr. Meenu, Dr. Shweta Bansal, and Dr. Swati.

**Date:** July 11<sup>th</sup> - 22<sup>nd</sup>, 2022

**Venue:** Virtual Mode

**Event In-Charge:**

Dr. Meenu

Dr. Shweta Bansal

Dr. Swati

Dr. Pankaj Agarwal

**Dean SOET**

Report on

**Training of Trainer Course Big Data Analytics by CDAC, Noida**

**Target Group:** Faculties at KRMU

**Resource Person:** Mr. Sunil Kumar, Ms Akanksha and Ms Chandni

**Coordinators:** Dr. Meenu Vijarana Dr Shweta Bansal and Dr Swati

**Date and Time:** 11<sup>th</sup> July 2022 to 22<sup>nd</sup> July 10:00AM to 1:00 PM.

**Venue:** Virtual Mode (MS TEAMS)

**Introduction**

With the objective of introducing to expose the faculties in emerging technologies in the areas of Big Data Analytics. This course provides practical foundation level training that enables immediate and effective participation in big data and other analytics projects.

**Objectives**

- To promote and foster Big Data Science, Technology and Applications in the country and to develop core generic technologies, tools and algorithms for wider applications in IT and Government Organizations.
- To ensure participants are trained in the niche area of, big data analytics platforms (Hadoop, Hadoop-Related Projects, Spark etc.), machine learning techniques and its use in analytics, NoSQL databases, and security and privacy issues in big data analytics.
- To impart the state of art knowledge of advances in research, different tools and real time applications of big data
- To strengthen specialized research areas of big data analytics.

**Content of the Course:**

1. Big Data Concepts, need for analyzing Big Data, Type of data, roles of Big Data Analytics in Business Intelligence and decision making. Introduction to Hadoop framework, History of Hadoop, Hadoop ecosystem

*Meenu*  
30/july2022

*Jyoti*  
Registrar  
K.R. Mangalam University 1  
Sohna Road, Gurugram, (Haryana)

2. Hadoop Distributed File System (HDFS), Hadoop commands, writing files onto HDFS, reading files from HDFS, Cloudera demonstration
3. MapReduce concept, Map Reduce (MR) programming technique, structure of Map-reduce program, Data types, data loading, Map and Reduce Tasks and executing MR
4. Introduction to Impala using HBase
5. Introduction on Apache Hive
6. Introduction to Apache Spark
7. Practical session on Spark, Introduction to Data analytics, Data science and Application. Introduction to Predictive analysis Introduction to Machine Learning
8. Working with NumPy, Pandas, Matplotlib
9. Classification Technique with Python Implementation,
10. Ensemble Techniques Clustering techniques with Python Implementation
11. Clustering techniques with Python Implementation

#### Attendees

1. Faculties of CSE, SOET

#### Activity Outcome

- Deploying the Data Analytics Lifecycle to address big data Analytics projects.
- Reframing a business challenge as an analytics challenge.
- Applying appropriate analytic techniques and tools to analyse big data, create statistical models, and identify insights that can lead to actionable results.

### Day 10- Valedictory session

#### Conclusion

Valedictory session was held on the last day of FDP on 22<sup>nd</sup> July 2022. Honorable Vice Chancellor CS Dubey and CSE,SOET faculties from KRMU and Ms Mary Jacintha and other members from CDAC Noida were present. We discussed the future prospects under CDAC Noida and KRMU collaboration in terms of research and projects etc. One of the best parts about this program was that the faculties got the opportunity to learn from professionals who have worked in the same field for years. It provides the forum for members of the research and academic community, to interact on cutting-edge and ground breaking topics in Big Data Analytics.

#### Further Scope

In order to expand students' alternatives and awareness, this partnership and collaboration in creating such events that directly assist students in negotiating their future career route and assistance in option exploration can be organized in the future.

**ACADEMIC SESSION 2022-2023**

**NOTICE**

The School of Engineering & Technology, on behalf of K.R. Mangalam University is going to organize an Expert Talk on AI in Document Image Processing and NLP in Collaboration with CDAC, Noida, on 18<sup>th</sup> October 2022.

The MCA students of School of Engineering and Technology (SOET) will get enlighten about the latest advancements, applications, and future trends in these domains. It will provide a platform for knowledge exchange, fostering a deeper understanding of the intersection between Artificial Intelligence, Document Image Processing, and Natural Language Processing, while promoting collaboration between academia and industry.

Event will be coordinated by Dr. Meenu and Dr. Shweta Bansal.

Date: 18<sup>th</sup> October 2022

Time: 10:30 AM onwards

## Expert Talk on AI in Document Image Processing and NLP in Collaboration with CDAC, Noida

**Date:** Tuesday, 18<sup>th</sup> October 2022.

**Venue:** B Block Lab 6, K.R. Mangalam University.

**Event Type:** Expert Talk

**Mode of Activity:** Offline

**Target Group:** UG/PG Students of CSE, SOET

**Resource Person (if any):** Mr. Tushar Kanti Patnaik, Joint Director, CDAC Noida

**Coordinators:** Dr. Meenu and Dr Shweta Bansal

**Organized by:** School of Engineering and Technology - CSI Club

**Number of Participants (Attach Attendance as Annexure):** 42

With the objective of introducing to expose the students about Artificial Intelligence in Document Image Processing and NLP. This talk provides insights of how Image processing with artificial intelligence can power face recognition and authentication functionality for ensuring security in public places, detecting and recognizing objects and patterns in images and videos. The Objectives of the event was to impart knowledge about fundamental concepts and techniques of AI and natural language processing. Deep understanding of the various phases of an image processing project, from data collection to model deployment. The topics discussed in the talk are: AI introduction, applications, demand of AI, DIP introduction, Key Stages in Digital Image Processing, Document Image Analysis, NLP Introduction to OCR, Development of OCR, Research Issues in OCR. Expert talk on AI in Document Image Processing and NLP was successfully conducted in B Block Lab 6 at KRMU on 18<sup>th</sup> October 2022. Dr Shweta Bansal HOD CSE, Dr Meenu, Dr Swati CSE, SOET faculties from KRMU and UG/PG students of CSE were present. We discussed about AI, Digital image processing and OCR. The speaker Mr Tushar Patnaik discussed the future prospects and research problems taken by students in the mentioned areas. One of the best parts about this program was that the students and faculties got the opportunity to learn from professionals who have worked in the same field for years. In order to expand students' alternatives and awareness,
