Sohna Road, Gurugram, (Haryana)

**MEMORANDUM OF UNDERSTANDING (MOU)**  
**BETWEEN**  
**K.R. MANGALAM UNIVERSITY**  
**AND**  
**GAPCRUD PRIVATE LIMITED**

This Memorandum of Understanding (hereinafter referred to as MoU) executed on this 2<sup>nd</sup> day of February Month 2022 year, between:

**K.R. MANGALAM UNIVERSITY** situated at Sohna Road, Sohna, Gurugram-122103 established under Haryana Private Universities Act, 2006 (Amended 08 of 2013) and under section 2(f) of UGC Act, 1956 the ONE PART

**AND**

**GAPCRUD PRIVATE LIMITED** (hereinafter referred to as GAPCRUD), an ISO 9001:2015 certified educational technology and services organization incorporated under the Companies Act of 2013 (CIN: 180301WB2021PTC246914) and having registered office at HA 130, Sector 3, Salt Lake City, Kolkata – 700097, the OTHER PART, AND

WHEREAS, GAPCRUD is recognized as a technology start up by the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry via registration number DIPP85303, for its "GAPCRUD" project execution methodology. The company offers its services under the brand "Capsule Labs", AND

WHEREAS, the parties herein wish to develop industry institute association for mutual benefit towards student, faculty and facility development

The Parties enter into this MoU on the terms and conditions set forth hereafter:

1. Cooperation: Both Parties are to cooperate with each other to facilitate effective utilization of intellectual capabilities and market reach as promptly as is responsibly practical.
2. Scope:
  - a. K.R. Mangalam University may provide support to publicise GAPCRUD offerings and events within its student community and faculty members.
  - b. GAPCRUD may provide technical expertise, platforms and services to support institutional or departmental events like Hackathons or Workshops.

  
**Registrar**  
K.R. Mangalam University  
Sohna Road, Gurugram, (Haryana)

- c. GAPCRUD may provide authorized experts to deliver webinars or seminars or workshops in emerging technologies or other areas of mutual interest. These activities can be made available to currently enrolled students for motivational purposes or for technology awareness.
- d. GAPCRUD may provide support for advanced students to undertake projects in emerging technologies and gain appropriate certifications on its Capsule Labs platform.
- e. GAPCRUD may provide opportunities for certified internships to students from time to time. Such opportunities will be located either at its own offices or those of its partners or online.
- f. GAPCRUD may provide assistance and opportunities for Full Time Employment to students with advanced certifications on its Capsule Labs platform.
- g. GAPCRUD may appoint authorized experts/resource persons to provide consultations for curriculum development and innovation or pre incubation policies.
3. Confidentiality: Either Parties have agreed to hold in confidence all shared information/data designated as "Confidential", without explicit consent. This excludes prior information available with either Party or available through public domain.
4. Intellectual Property Rights (IPR): The IPR that may arise as a result of joint research or collaborative activities under the agreement will be worked out on a case-by-case basis and will be consistent with officially laid down IPR policies of the two organizations. However, in the absence of an explicit contract, this MOU does not imply or transfer rights to reverse engineer, use, own or licence intellectual properties of either parties.
5. Commercial: There is no financial commitment on either Parties arising from this MOU. If there is any financial consideration, it will be explicitly dealt with on a case-to-case basis.
6. Validity and Jurisdiction: This Agreement shall commence upon the date of the final signature below and will be valid for Three years until it is expressly terminated by either Party on mutually agreed terms. The MOU may be renewed by mutual agreement between the Parties.
7. This MOU shall not be legal binding on any of the Parties. However, in case of any dispute regarding the MOU, the parties will attempt to resolve the matter amicably. In the event of such an amicable settlement not forthcoming within 15 days of dispute the parties shall submit their disputes to the arbitrator appointed by parties jointly with the venue as Kolkata.
8. Relationship between Parties: It is expressly agreed that the Parties are acting under this MOU as independent contractors, and the association established under this MOU shall not be construed as a partnership or joint venture.

**SCHOOL OF ENGINEERING AND TECHNOLOGY**

**NOTICE**

The School of Engineering and Technology at K.R. Mangalam University is hosting a virtual workshop on "Full Stack Applications in IoT with GAPCRUD". The goal of this workshop is to inform students about the various career opportunities available in IoT and Full Stack Development, as well as equip them with the latest technological skills.

The workshop is scheduled for March 30th, 2022, at 12:00 pm and will feature Mr. Atanu Roy Chowdhury as the resource person. During the session, students and faculty members will have the opportunity to interact with Mr. Chowdhury. All students and faculty members are invited to join this event. The event will be conducted virtually and coordinated by Dr. Vineet Dahiya.

**Date:** March 30th, 2022

**Time:** 12:00 pm

Report on  
**WORKSHOP ON “FULL STACK APPLICATIONS IN IOT  
WITH GAPCRUD ” BY ATANU ROY CHOWDHURY**

**Target Group:** SOET Students and SOET Faculty Members

**Resource Person:** Mr. Atanu Roy Chowdhury

**Coordinators:** Mr. Vineet Dahiya

**Date and Time:** Friday, 30<sup>th</sup> March 2022, 12:00 a.m.

**Venue:** Online Teams Meet

**Introduction**

With the objective of introducing students to career options in internet of things. Capsule labs based concept was introduced by School of Engineering & Technology has organized a workshop on “Full Stack Applications in IOT with Gaperud” on 30th March 2022 on digital platform. The workshop was attended by over 40 students and faculty members. The event was coordinated by Dr. Vineet Dahiya (Academic Coordinator - SOET).

**Objectives**

- To open up career and further education options in the field of IOT.
- To acquaint students with latest market skills.
- To acquaint students with the options future vision in field of internet of things and role of full stack development opportunities.

## Content

Mr. Atanu Roy Chowdhury is an AIOT evangelist and Founder of Capsule Labs. He is the technology mentor for the Ranmir Foundation, focusing on Innovations at the bottom of the pyramid. He teaches Innovation and Entrepreneurship at Calcutta University. He was a techno-functional consultant for IOT/AI led Digital Transformations, providing delivery and solutioning support to Altiux's Global sales team for over 100 iot solutions.

Mr. Chowdhury has highlighted the importance of Full Stack Applications in IOT in all the fields of Engineering. He has also demonstrated that the Full stack development functions as a single point solution for the full life cycle development – design, code, test, and release – to take the products and the system to the next level. He has also described the Full Stack IoT Architecture has 5 main components, i.e. Connected Devices, Gateways, Cloud Platform, Communication Network, End-User Interfaces and their applications.

## Attendees

Students of SOET (Engineering ECE/EIE/CE/ME/AI/ML/CSE) of all years joined the webinar..

## Activity Outcome

Students got an introduction to the basics of market trends in terms of internships and upcoming projects related to government.

They were also acquainted with the future based jobs approaching the market having start up ideas and concept too.

## Conclusion

A highly informative session for all of the listeners in shortly delivering the trend of internet of things in connecting all branches and engineers. To develop coding and learning skills of students.

## Further Scope

This partnership and collaboration in organizing such events is capable to promote inter disciplinary approach between various fields of engineering.
