Message

from the Chairman

The Annual Report 2020-21 holds special importance for me because it speaks of the journey of KR. Mangalam University during the most trying times of the world. KRMU displayed indomitable strength and courage in the face of adversity and ensured creative and academic excellence even during such a challenging phase. The all-round development and dynamic education plan was ensured through its interactive learning and democratic communication processes. KRMU believes that amenities provided should be top notch and no stone should be left unturned when it comes to the comfort and performance of students and their teachers. Constructive feedback and hard work are inculcated and encouraged here. We are proud teachers of a varied and distinguished alumni base, with our ex-student's professions ranging from academicians to entrepreneurs in almost every field.

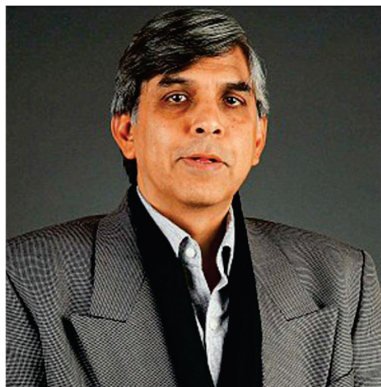

Our stand and our work towards maintaining a sustainable environment is also solid. Our initiatives and efforts in that direction speak for themselves. As Chairman of the Sponsoring Body and Member of Governing Body, K. R. Mangalam University, I would like to acknowledge the consistent efforts of all our faculty members and staff who have strived to make the academic year 20221 noteworthy and smooth-sailing in all respects.

Shri Yash Dev Gupta

Chairman, K.R. Mangalam University

Message

from the Chancellor

K. R. Mangalam University, the strong ship has completed another year with its tough and steady anchors, namely its teachers, students and all other faculty and staff members and hence the report of 2020-21 can see the light of day. Its accomplishments can be measured through its successful redefining of education through productive and constructive efforts. Our pedagogy relies on ‘getting out there’ and encouraging a ‘hands on’ project based learning. We have also redefined our assessment methods to make the examination process a means of enabling the student. We have truly embraced the digital spectrum in almost all respects, even more so during these heavy Pandemic times and we have emerged with flying colours. We encourage a culture of innovation, entrepreneurship and creativity. We offer and initiate activities like building a Smart Ashram and creating Engineering Kitchen. Our connections with universities such as Middlesex University, London and the HRD Ministry’s E-Yantra robotics programme have proved to be very useful. We are very honoured to have partnered with the Pranab Mukherjee Foundation that has helped in great developments and learnings for our students. KRMU prizes its panel of professors and leading experts from the corporate and knowledge world. Our board of governors constitutes a list of charismatic and highly respected experts from across the world in finance, IT, design, management and industry. Our energy, creativity, and good name across the academic spectrum is testament to our hard work, that is inculcated in both our students and faculty. I congratulate, through this message, the entire K.R. Mangalam family for being the University’s pillar of strength.

Prof. Dinesh Singh

(Chancellor, KR Mangalam University)

Message

from the Vice Chancellor

Dear all, building a foundation can be difficult. From completing one's studies in a place to making it stand tall and survive all tests of time, loving a place and nurturing it takes efforts. The faculty at KRMU does this for the students and the university and the university always has their back. Transitioning from a place of study where there is the freedom to explore, to learn, and to establish long-lasting bonds with fellow students to a place of work and career may seem daunting and challenging at first especially in the uncertain times we live in; the University, through its over-all development system prepares everyone for all challenges. We are proud of our achievements, accomplishments, and willingness to learn and be open to new possibilities, our technological ventures, our streamlined decisions with regard to building constructive committees and so on. This is all a wonderful testimony to the creative talent and hard work of our management, leadership, and faculty who have acted as superb and capable guides and mentors to our students.

Prof. Aditya Malik

(Vice Chancellor, KR Mangalam University)

Message

from the Pro Vice Chancellor

With the completion of yet another fruitful year 2020-21, I look back and celebrate the good academic results, laborious efforts of teachers, and painstaking work of all the staff members. The faculty and the university work like a well-oiled machine, in perfect sync and coordination, leaving no effort aside to ensure great education and full co-curricular exposure. Transitioning from a place of study where there is the freedom to explore, to learn, and to establish long-lasting bonds with fellow students to a place of work and career may seem daunting and challenging at first especially in the uncertain times we live in. The University, through its over-all development system prepares everyone for all challenges. This year threw many curve balls our way but the university tackled them head-on and motored through to deliver impressive results, in terms of engaging events, class participation, and building partnerships. We are proud of our achievements, accomplishments and willingness to learn and be open to new possibilities, our technological ventures, our streamlined decisions with regard to building constructive committees and so on. I am confident that the creative talent and hard work of our management, leadership, and faculty, who have acted as superb and capable guides and mentors to our students, shall continue to ensure that KRMU scales bigger heights in all scenarios.

Prof. Pushplata Tripathi

(Pro Vice Chancellor, KR Mangalam University)

INTERNAL QUALITY ASSURANCE CELL

IQAC carried out several reforms to enhance quality in teaching and learning.

a) Curriculum Reforms:

Project Based Learning: In continuation with the previous efforts of university to learn concepts by performing experiments through which several students benefitted. In view of Covid -19 pandemic, as the university was closed, and online teaching was going on, students were asked to continue working on projects which were offered across university. They were asked to prepare software, reports etc. based on the projects chosen by them. Experts or renowned governing body members were involved to provide them guidance/mentorship for projects. This enabled them to learn in the faster way and helped them build research acumen.

b) ICT Reforms:

i) Development of Online learning platforms: Onset of Covid-19, made faculty and students to adapt new technique of online learning. University was asked to conduct several workshop and training sessions for faculty and students to help them teach and learn through online tools like MS teams, Zoom etc. Exchange of assignments, presentations through LMS became common. Guidelines to faculty were given to accept Predissertation submissions presentation and PhD Viva Voce online. Online virtual tours of industry were also planned. Online examinations were conducted. Even Yoga and Meditation programs were also conducted online for faculty and students.

ii) Increase in bandwidth of internet: As online teaching was going on, IQAC provided directives to university to increase bandwidth of internet so that teaching does not hamper.

c) School Connect Programs: As an initiative of IQAC, several school students got registered for various coaching and induction programs which were offered by all schools. Coaching for JEE, CLAT, NEET and other such competitive examinations were provided by faculty.

OFFICE OF DEAN STUDENT WELFARE

K. R. Mangalam University, one of the leading centers of learning, teaching and research is continuously working towards developing students academically and advancing their leadership qualities and interpersonal skills so as to prepare them to play an effective role in society. Besides teaching, the university provides social, cultural, musical, recreational and sports facilities to enable each student to realize as much as possible of their academic and personal potential while studying at the university. To provide the students with all the required opportunities and adequate amenities for all round development of personality and leadership, the Student Welfare Office was established. The Student Welfare Office is responsible for the year-round upkeep of student-centered development at the university. It is a forum, where through the mode of cultural and other such activities, the students meet each other, exchange ideas and develop into good human beings. The university established it to cater the day-to-day administrative and personality development needs of students through its various domains such as the student Clubs/Societies, student events/activities, counselling and discipline. Through the active engagement of students, fresh talents in performing arts, literary domain, fine art and science are identified.

The objectives of Student Welfare Office are to promote mutual contact, a democratic outlook and a spirit of oneness among students by simultaneously developing their social, cultural and intellectual aspects. It specifically looks after the general needs of the students and also supervises the conduction of co-curricular activities like sports, NSS, cultural activities. It also supervises the discipline of students in coordination with the Deans of the Schools. It coordinates various activities with a strong connect between students from all departments and schools ~~and the activities~~. This facilitates the students to come closer and work together as a team while organizing and conducting big events like freshers' meet, cultural programmes or annual fests etc. Activities organized by different clubs/societies works towards social awareness, social upliftment, environmental conservation and several other initiatives which the faculty and students take up together as a team. Rallies, blood donation camps and awareness drives have helped students to connect with society and adopt an empathetic attitude.

During the academic year 2020-21, the Student Welfare Office engaged the students in a number of activities as per their interests and needs so as to advance their academic and personal abilities. To achieve this objective, the University introduced eight clubs/ societies which were operational during the academic session 2019-20 & 2020-21. The main objective behind setting up these clubs/societies is to contribute to developing the student's personality in various spheres via student-oriented programmes. The idea behind the establishment of these clubs/societies is to give students the opportunity to bring out their hidden talents to nurture the passions of students in varied fields, shaping them to be the best and enhancing their cultural and traditional understanding. The following section gives a detailed account of the different clubs/societies and the activities taken up by them during this tenure.

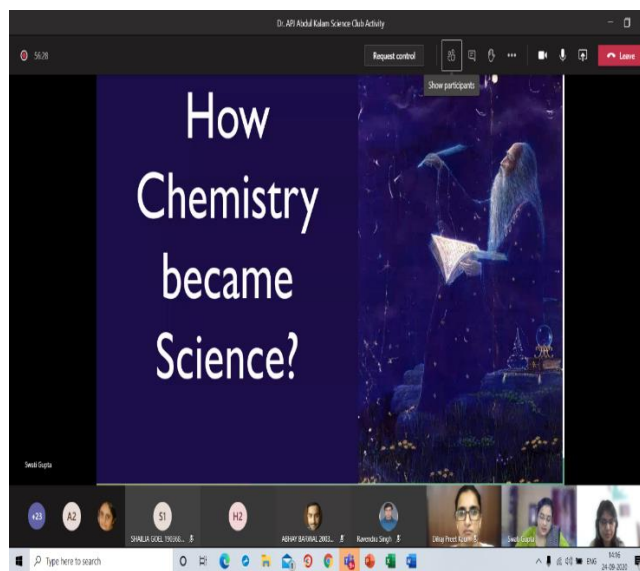

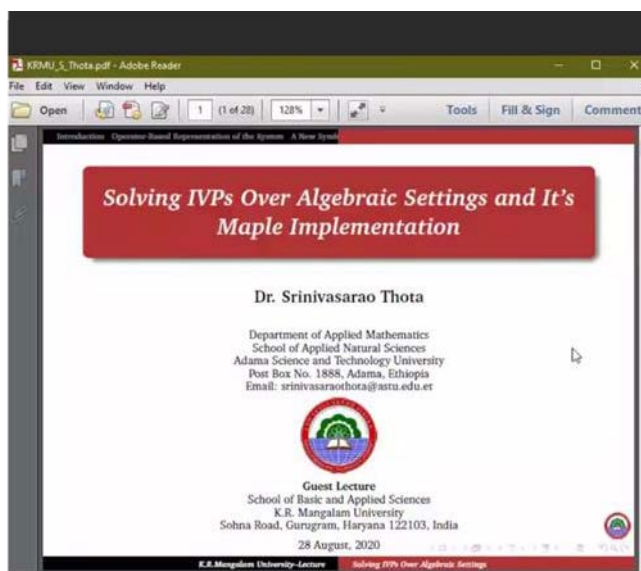

1. Chetna Society

The Society has given students a spiritual platform to lead a balanced and focused life. It aims to stimulate inner changes and the holistic development of students. It has helped students to maintain their well-being and a sense of joy by prioritizing their goals through the practices of relaxation, meditation and prayers. During the academic year 2020-21, the society conducted a lot of sessions primarily associated with Yoga and Meditation. A series of lectures were taken up for the faculty and students of KRMU where they were told the actual purpose of Yoga and thence the purpose of life. Since the spread of COVID-19 was at its peak and people were stuck inside their homes due to ongoing lockdown, the society initiated a Startup Module for the faculty and the students of KRMU where they were guided on how to live a balanced, purposeful and happy life. Likewise, there were several sessions held on different occasions to help faculty and students acquire and experience a simple set of life-long practices grounded in yoga and meditation that actually helped them to develop themselves as balanced individuals.

2. Dr. A.P.J. Abdul Kalam Science Society

This society has served as a common platform for students across disciplines to share their experiences and explore new ideas in science and technology. It has encouraged aspiring innovators to implement their knowledge, enhancing their scientific temperaments and critical thinking. This has been done via conducting a series of lectures and screening of science movies for the students. Throughout the academic session, the society has conducted lectures, seminars and workshops to bridge the gap between theoretical learning and its practice. The society has profoundly worked on spreading awareness of the management of environment and its resources. It also conducted several online sessions on different topics of science and allied subjects; Olympiads, quizzes, poster making competitions and academic writing sessions were held.

3. Health Society

The health society has been making attempts to spread health awareness among people regarding several diseases such as PCOS, Anemia, AIDS, Hypertension, Diabetes, Heart Problems etc. During 2020-21, the society organized a number of health camps. These camps have helped spread awareness among people about their general health, provided counselling on basic healthcare and hygiene and distributed medicines to those in need. During the session 2020-21, as many as around 30 above events were organized by the health society with a predominance of the events revolving around the then rising cases of COVID-19, dengue and chikungunya. Students, teachers and others were given lectures on how to take care of their well-being during the pandemic. These lectures and webinars focused on the right kind of diet one can follow during this time as well as in general, how to boost immunity, maintain hygiene and health, importance and maintenance of mental and physical well-being. Several quiz competitions, debates etc. were also organised. These events/sessions witnessed huge participation due to their focus on the then informational needs.

4. Cultural Committee

The cultural committee has remained the most dynamic and independent group which has always encouraged freedom of expression in every aspect. The club has conducted several events and explored the horizons of creativity, diversity and arts. The club inherently believes that culture can potentially strengthen the individual and society as a whole. Through the conduction of various activities and programmes, the committee has created ample opportunities for the students to develop their creative abilities, indulge in cultural activities and play an important role in preserving and promoting our culture. When the world was fighting with COVID, everyone was at home, undergoing health issues and mental stress, the cultural society organized several events with the intention of bringing joy to their lives. The society organized online Cultural Committee

Webinar on “The Art of Creating Music” which received a huge participation from students, not only of KRMU but also from other universities.

Since EDUDE is held annually by the club, this time also, the club celebrated EDUDE Fiesta, “Talent Wins Games, But Teamwork and Intelligence Wins Championships,” via online mode. Different segments of competitions were Rap Star, Kavikaar, Show Your Moves, Andaz Apna Apna, and Sur-ae-Sangram. The winners were given cash prizes of Rs. 1500, Rs. 1000 and Rs. 500. With a collaborative effort of the School of Engineering and Technology (KRMU) and the Cultural Society, the JAM competition was held so as to bridge the communication gap in this pandemic, by executing the event on a virtual platform. The competition witnessed participation from across different schools and departments of the university.

5. National Service Scheme (NSS)

With a primary objective to develop the personality and character of youth through voluntary community service, the National Service Scheme was introduced at K.R. Mangalam University. Through the activities, NSS has extended the dimension of orienting the students towards community service. In order to arouse the social conscience of the students and provide exposure to the realities of life while changing their social perception, the society has worked in many different spheres. Due to the ongoing pandemic, various events based on this sudden outbreak were taken up by the NSS unit. Besides, debates and talks on the new farm bills were taken up, quiz competitions on COVID-19, e-waste management, maintaining a sustainable lifestyle etc. were carried out during this session. The details of events held by NSS during 2020-21 are as:

6. Rhetoric-Literary Society

The English Literary society has played a significant role in the lives of every literary enthusiast at KRMU. It has given required motivation and support to the students to scribble down their thoughts liberally and further present them in their own exclusive style. Along with organizing a number of Intra-University competitions, the society has expanded itself and approached students across universities. It has organized several competitions in due course of time which includes Quizzical Karma, Workshop on Public Speaking, Silly vs Sane-Boggle the Brain, Poet's Corner where several students participated, exhibited their talents and benefitted.

7. Model United Nations Club

The club was established as an educational simulation where the academic activities can be organized in a way where students can learn about diplomacy, international relations and the United Nations. This club aims to enhance and polish the students' research, speaking, debating and writing skills by simultaneously promoting critical thinking, teamwork and leadership abilities. The club promotes and encourages discussions over national and international issues. During 2020-21, the club has organized various summits and e-conferences; quiz competitions were taken up, debates were initiated on national and international political issues like farmers' agitation, women, politics and their national and international representations etc. Besides giving them the knowledge of structure and functionalities of political systems, the club has given a platform to students to initiate discourse by simultaneously developing their understanding.

IT INFRASTRUCTURE

KR Mangalam University has well developed IT facilities including Wi-Fi. Adequate number of computers with printers, scanners and high-speed internet are available in office, examination section, computer room, store and library. This includes extensive computer provision with all the computers in LAN with Internet facility. KRMU has focused consistently deployed best-in-class IT infrastructure and Applications development for Academic and Research support. Over 500+ LAN points are augmented across the campus computer labs and office spaces. The campus backbone network is of 120 Mbps, and Wi-Fi Network points over 75 numbers were deployed across the campus in all academic blocks and hostels blocks for 24X7 internet service, enabling students and faculty to stay connected and access the academic content, anywhere and everywhere in the campus. A Cloud Online Data centre is built to manage network operations efficiently and host all the servers with a continuous power supply so that the network and servers are monitored and are available for better connectivity across all teaching blocks. Server infrastructure includes high power computing nodes, IBM Rack Server with Cloud Base Storage. The enterprise Firewall CISCO has been deployed for handling enhanced load on network and applications, catering to academic and administrative processes, thereby providing a secure campus network. Additional ICT tools such as ZOOM and MS Teams for connecting online with students, faculty members, foreign universities and various other institutions in the country, have also been deployed. Microsoft Outlook, in a hosted environment, is provided to ensure email service for students, faculty and staff, to manage all the communication. Over 2000 Online Outlook mailboxes are hosted in the email solution. 350 desktops and 20 iMac are installed in computer labs, administrative offices and faculty work stations across the campus, giving computing facility to students and faculty for hands-on practical hands-on sessions. Business processes – Academic (Admissions, Academics to Examination), Back office (Fee collection, Hostel booking, Transport booking, with integrated online payment gateways, Staff recruitment, attendance and leaves management, payroll, etc) are done on UNISOFT.

All the students are provided access to Internet resources from various academic buildings and hostels on 24x7 basis. Students can login to their account for any kind of information and download from ERP and University's Website. The portal also caters to various needs of the researchers, faculty, Parents of the students and the staff of the University. With this system, learning and monitoring becomes easier and efficient. Most importantly, student-student and staff-student communication are greatly facilitated by this technology.

As our institution was established in 2013, we installed new systems in phases and augmented the IT infrastructure to establish new labs according to the requirements of new Schools. University has a policy to procure IT equipment and software as and when requirement raised by various Schools.

UNIVERSITY ANNUAL EVENTS

THIRD CONVOCATION

28th November 2020

K R Mangalam University organized its 3rd Convocation today in virtual mode. During convocation 2020, degrees were conferred to five hundred and thirty-four (534) students. This number includes 394 undergraduates, 72 postgraduates, 13 Doctoral degrees and 55 diplomas. Honorable Chief Minister of Haryana Sh. Manohar Lal Khattar was the chief guest on this occasion. While congratulating the students he motivated them *“I look forward for your significant contribution in further accelerating the pace of development in the State and the Country.”*

Honorable Chancellor of the University, Padma Shree Prof. Dinesh Singh presided over the ceremony and delivered the Convocation Address and stressed on the importance of value system and discovering oneself through education. He said, *“The main thrust of what we do with you is to get you to look inside and to discover what your true value is, what is it that resonates with your heart, what is the drumbeat within, and we try and get you to march in the real world in harmony with that drumbeat. We want you to discover true worth and be true to your conscience.”*

15 student toppers with more than 8.5 CGPA in their respective streams were bestowed with Gold Medals.

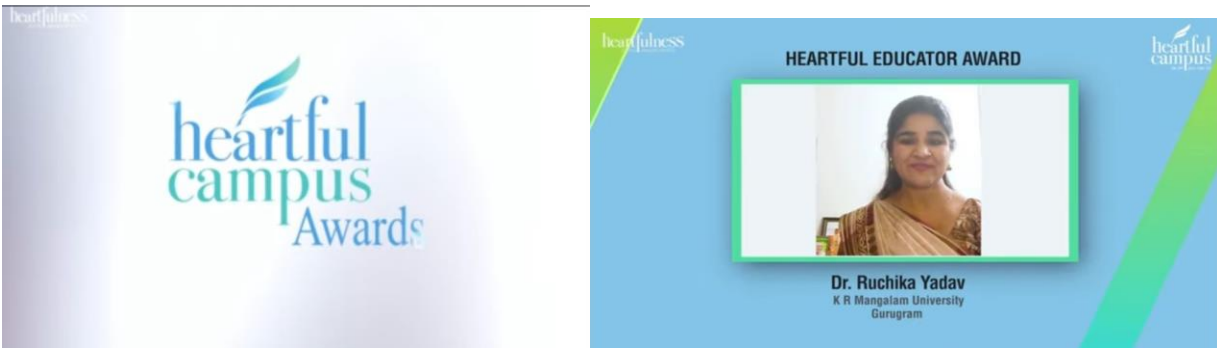

Prof. Aditya Malik, Vice Chancellor, KRMU congratulated the graduands said *“Giving you the best education means giving you a set of tools, making a set of abilities available to you that will carry you through any and every circumstance that life throws at you. The abilities of confidence, of independence, of creativity, of being able to communicate well, listening, and trusting that things will always work out.”*

Legal Aid Society

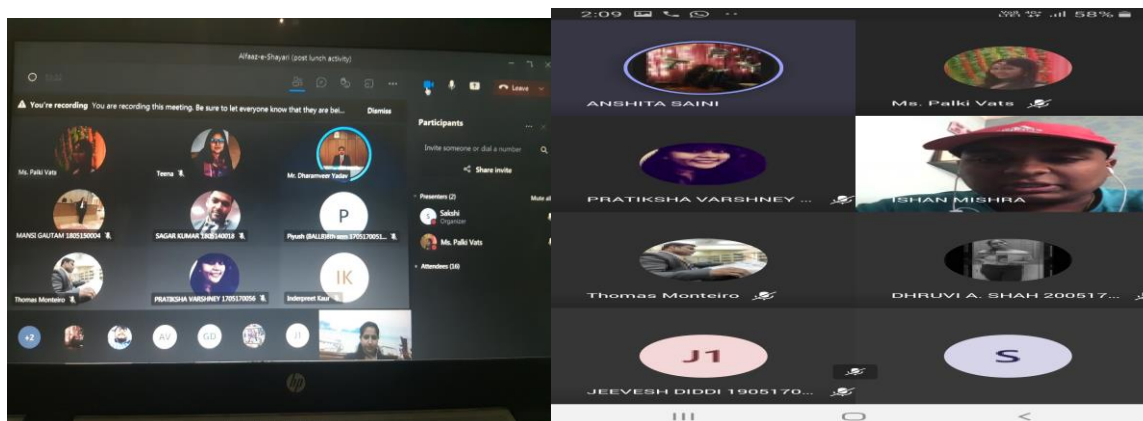

In order to help the students learn and practice Law beyond the syllabus taught in the classrooms, the society was formed by the Department of Law and Management, operative at the University. Since its establishment, the society has focused on fostering creativity, awareness and interests across legal and managerial fields. It has spread awareness about numerous legal and management concepts via the conduction of workshops, webinars and guest lectures. During 2020-21, the Society worked extensively and conducted various events for the general public and the students.

A session as held for general public to provide legal aid to them. In collaboration with District Legal Service Authority (DLSA), a webinar on medical health facilities in POSCO Act was organized. Further, in collaboration with DLSA, Internal Complaints Committee (ICC, KRMU), a guest lecture on Sexual Harassment at Workplace was held for the students. Besides, a number of other events were also organized by the society and speakers of good repute and influential personality were invited as guest speakers.
