K.R. MANGALAM UNIVERSITY
THE COMPLETE WORLD OF EDUCATION

ANNUAL REPORT
2022-23

TABLE OF CONTENTS
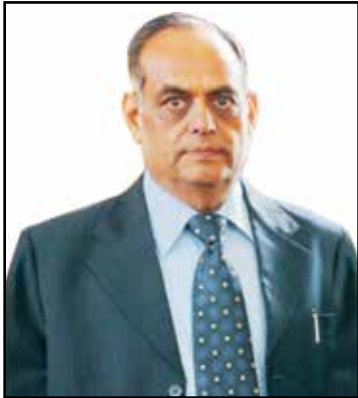

Message
from the Chairman

It brings me great pleasure to ascertain that the culture and character of learning KRMU has been attempting to spread thus far has effectively gone out to individuals, making the most of the characteristics and values we put our beliefs in. Through collaborative learning and bidirectional communication, the institution focuses primarily on overall development and education outside the classroom. This helps to create a serious and open learning environment. The university's mission is to continuously make all necessary resources available to its students, enabling them to maximise their potential and form positive coping mechanisms.

K.R. Mangalam University has a rich history of producing technocrats, chemists, managers, and entrepreneurs who are effective, self-assured, educated, demonstrate global thinking, and have a forward-looking mindset. We actively pursue sustainable development goals as members of a corporate community. I would like to acknowledge the consistent efforts of all our faculty and staff members who have made the academic year 2022–2023 exceptional in every way as Chairman of the Sponsoring Body and Member of the Governing Body at K.R. Mangalam University.

Shri Yash Dev Gupta

Chairman, K.R Mangalam University

Message from the Chancellor
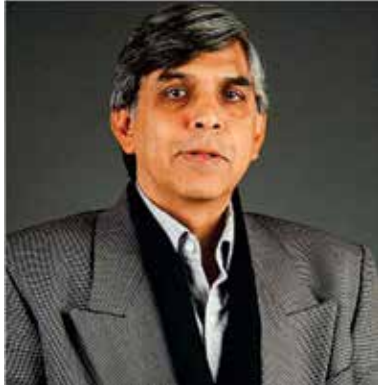

K. R. Mangalam University has made great strides and achieved a lot. It has achieved this by making positive and useful attempts to redefine education. Less emphasis is placed on blackboard-based learning and mechanical learning in our pedagogy. Instead, it leans much more towards project-based learning that is experiential and participatory in nature. To enable the student, we have also modified our evaluation practices to make it more holistic in nature. We support a creative, entrepreneurial, and innovative culture. We take great pride in having eminent professors and top authorities from business and academia on board. Our board of governors comprises eminent and well-respected professionals from the business, IT, design, management, and industry. Overall, the teacher and student body's atmosphere of vitality, enthusiasm, and innovation is the most crucial indicator of our success. Through this message, I would like to thank the entire K.R. Mangalam family for leading the university forward.

Prof. Dinesh Singh

Chancellor, K.R Mangalam University

Message
from the Vice Chancellor

At K.R. Mangalam University, we focus on holistic learning for our students and with the guidance of our eminent professors and industry partnerships, the students become leaders of tomorrow as they build strong foundations at this institution.

As students move from a space where they have been engaged in learning and exploration along with building relationships with peers and mentors, to the real world as ready professionals seeking employment and advancement in career, it may seem overwhelming and difficult at first. The University, through its overall development system, prepares the students for all forthcoming challenges.

We take pride in our successes, achievements and our willingness to learn and to be open to new opportunities, our technological initiatives, our streamlined decision-making with regard to constructive committees and so much more. This is all thanks to the creativity of our students and the hard work of the faculty and management who act as mentors and guides to our students.

Prof. C.S. Dubey

(Vice Chancellor, KR Mangalam University)

RESEARCH & DEVELOPMENT CELL

K. R. Mangalam University, established in 2013, has always been driven by a vision to be at the forefront of research and development. Throughout its history, the university has cultivated a culture of curiosity and inquiry, attracting good researchers, faculty, and students from around the globe. An essential aspect of any research-driven institution is its infrastructure and state-of-the-art facilities.

K. R. Mangalam University has consistently invested in upgrading its research labs, libraries, computing resources, and experimental facilities. Researchers at the university have been involved in the development of cutting-edge medical technologies, novel drug formulations, material Sciences, Nanotechnologies, Teaching pedagogy, and different streams of new generation research. As concerns about climate change intensify, the university has prioritized research on environmental sustainability. Collaborative efforts between engineering, environmental science, and economics faculties have resulted in innovative green energy solutions, such as advanced solar cells and energy-efficient building designs. In technology, K. R. Mangalam University has emerged as a leader in artificial intelligence and machine learning research. Faculty and students have contributed to advancements in natural language processing, computer vision, and autonomous systems. Their research has found applications in industries ranging from healthcare to finance.

While STEM research is prominent, the university recognises the importance of social sciences and humanities in shaping society. Researchers have explored critical issues related to social justice, political stability, and cultural preservation. Their work has been instrumental in informing policies and promoting inclusivity. To foster innovation and practical applications of research findings, K. R. Mangalam University actively collaborates with various industries and governmental organisations. These partnerships provide financial support and enable researchers to work on real-world problems, ensuring that their findings have a meaningful impact.

The university's commitment to research and development is evident in its consistent efforts to secure funding. K. R. Mangalam University has been successful in obtaining grants from government agencies, private foundations, and corporate sponsors. The increased funding has allowed researchers to pursue ambitious projects and attract top talent. Recognizing the significance of nurturing the next generation of researchers, the university provides extensive support to early-career scholars. Programs such as Seed Grants, postdoctoral fellowships and research internships empower young researchers to delve into their areas of interest and contribute to the university's research goals.

Research Progression:

• Establishment of RDC, IPR Cell and Incubation Center (KEIC)

• Establishment of Centre of Excellence for Sustainable Development Goals (SDGs), Centre of Excellence in Artificial Intelligence (AI), Centre for Criminology and Victimology and Centre of Human Right

• More than 100 Extension activities were organized with NSS and Red Cross Society

• 13 National and International Conferences Organized

• Each School organized FDP's and Workshop/Seminars on Research and Ethics

CENTRE OF EXCELLENCE IN ARTIFICIAL & INTELLIGENCE

The Centre of Excellence in AI is focused on addressing specific development challenges in Artificial Intelligence. This report provides an overview of the Centre›s objectives, significant functions, collaborations, and critical activities.

Objectives:

1. Offering value-added programs and training: The Centre aims to enhance students' employability by providing training aligned with the latest Data Science and Machine Learning industry requirements.

2. Promoting collaborative research: The Centre facilitates collaborative research among faculty and students, attracting international expertise and practitioners to foster innovation and advance knowledge in AI.

3. Collaboration between academia and industry: The Centre promotes collaboration between academia and industry for developing ideas and products, fostering a dynamic ecosystem for innovation and entrepreneurship.

4. Providing an ecosystem for innovation: The Centre creates an environment where innovation can thrive, supporting aspiring entrepreneurs and encouraging the implementation of AI-based solutions in various domains.

5. Collaborating with domain experts: The Centre engages with domain experts for research guidance and mentoring, leveraging their expertise to enhance the quality and impact of research projects.

Primary Functions:

The Centre performs several vital functions to achieve its objectives, including:

1. Real-world Project/Case Study-based learning: Students participate in projects and case studies guided by domain experts, allowing them to apply AI concepts to real-world scenarios.

2. Internship programs: The Centre organises summer and winter internship programs, providing students with practical industry experience in AI.

3. Project contests & hackathons: Regular project contests and hackathons are organised to encourage students to showcase their skills and foster a competitive learning environment.

4. Research projects: Faculty research groups collaborate with students on research projects, exploring innovative solutions to address challenges in AI.

5. Collaboration with industries: The Centre collaborates with industries working in the data science domain, promoting knowledge exchange and industry-academia partnerships.

6. Research projects sponsored by government agencies: The Centre undertakes research projects sponsored by various government agencies, such as Meity, DRDO, and DST, contributing to national initiatives and advancing AI research.

Key Activities:

The Centre has organised several activities to foster learning, collaboration, and research in AI.

Some of the key activities include:

Ongoing Projects:

1. Voice-Enabled Bio-Metric System for KRMU (SEED Grant Project)
2. Winkeat: A Cafeteria App for KRMU
3. E-Voting System based on Blockchain Technology
4. Spoken Language Identification for the Vernacular Languages
5. Voice Enabled Chatbot: CHAT!HCS for healthcare

Additionally, the Centre has conducted the following FDP/Workshop Sessions:

• FDP on Big Data Analytics (11th July 2021 – 22nd July 2022): Resource Person – Mr Tushar Patnaik (Joint Director – CDAC Noida)

• Workshop on Research and Methodology, Faculty Development Program on AWS Cloud Practitioner (30th Jan - 3rd Feb 2023): Resource Person- Dr Kaushal Kumar (K R Mangalam University)

• Workshop on Generative AI by Prof C.S Dubey (27th May 2023 at 3:00 pm): Resource Person- Prof (Dr) C S Dubey (VC, KR Mangalam University)

• FDP on AWS Cloud Practitioner in collaboration with ICT Academy: Resource Person-Ms Kamatchi Devi, a certified AWS Solutions Architect.

Internships for UG students:

The Centre of Excellence in AI has facilitated student internships with renowned organisations such as CDAC Noida and Eduskills. These internships offer valuable industry experience, allowing students to apply their AI knowledge in real-world settings. CDAC Noida, known for advanced computing research, provides opportunities for students to work on cutting-edge projects aligned with their research interests. Eduskills, an esteemed educational platform, enhances students' AI skills through internships. These partnerships with CDAC Noida and Eduskills have significantly contributed to the professional development of students, bridging the gap between academia and industry. The Centre remains committed to nurturing such collaborations and providing students with valuable internship experiences to foster their growth in AI.

Summer Training Programs on the following topics in July 2023:

1. Microsoft Azure, in collaboration with Microsoft
2. AWS Cloud Practitioner in collaboration with AWS Academy

Submitted Proposals to various government agencies like DST SERB for funding:

1. Optimizing Speech Synthesis on Limited Resource Devices and Disability Applications (SERB-Power Grant)
2. Aapda Setu: AI-Based Voice-BOT for providing Help after Disaster (CSIR)
3. Enhancing Seamless Interaction with Spatial Data Infrastructures in Coastal Regions of India through AI Driven Geospatial Natural Language Processing NLP and Graph-Based Approaches for Exploration (DST, DELHI)

4. Design and Development of Smart IoT based System for Improving Water Quality (CSIR)

Hackathon – "hackkrmu2.0"

The Centre of Excellence in AI successfully organised a Hackathon on Digital Transformation from 15th to 17th February 2023. The event received an overwhelming response from participants nationwide, demonstrating their enthusiasm and skills in tackling digital transformation challenges. With a generous pool prize of 1.5 lakhs, the Hackathon motivated participants to showcase their innovative solutions using AI and emerging technologies. The event fostered collaboration and knowledge exchange, providing a platform for networking and learning from industry experts. Overall, the Hackathon was a remarkable success, highlighting the significance of digital transformation in today's landscape.

CENTRE OF EXCELLENCE FOR SUSTAINABLE DEVELOPMENT GOALS

The Centre of Excellence for Sustainable Development Goals is focused on addressing specific development challenges in the Sustainable Development Goals Agenda 2030. This report provides an overview of the Centre's objectives, significant functions, collaborations, and critical activities.

Objectives: The specific objectives of a Centre for SDGs can vary depending on the organisation's focus and resources. However, some common objectives include:

• Raising awareness of the SDGs and their importance

• Providing education and training on the SDGs

• Supporting research and innovation on the SDGs

• Advocating for policies and practices that support the SDGs

• Measuring progress towards the SDGs

• Building partnerships to achieve the SDGs

A Centre for SDGs can play an essential role in helping achieve the SDGs by providing a forum for collaboration and coordination and raising awareness and support for the goals.

Major Function:

The primary functions of a Centre for SDGs in a university are:

Raising awareness of the SDGs and their importance: This includes organising events, workshops, and trainings to educate students, faculty, and staff about the SDGs. It also includes developing materials and resources to help people understand the goals and how they can contribute to their achievement.

Providing education and training on the SDGs: This includes offering courses and workshops on the SDGs, supporting students who want to conduct research on the goals, and developing online resources and materials that can be accessed by students and faculty around the world.

Supporting research and innovation on the SDGs includes funding research projects relevant to the SDGs, providing support for students and faculty who want to research the goals, and developing partnerships with other organisations working on research and innovation related to the SDGs.

Advocating for policies and practices that support the SDGs: This includes working with governments, businesses, and other organisations to promote policies and practices aligned with the SDGs. It also includes educating the public about the SDGs' importance and how they can be achieved.

Measuring progress towards the SDGs: This includes developing tools and methods to track progress towards the goals, disseminating information about progress to stakeholders, and conducting research on the challenges and opportunities for achieving the SDGs.

Building partnerships to achieve the SDGs: This includes working with other universities, businesses, non-profit organizations, and governments to share resources and expertise and develop joint initiatives to promote the SDGs and achieve their targets.

Key Activities: The Centre for Sustainable Development is working to educate students and faculty about the

SDGs and support research and innovation. The centre also advocates for policies and practices that support the SDGs and measures progress towards the goals.

The centre researches the SDGs and organises events and workshops to raise awareness.

On-going Projects:

The Centre has initiated research and published books on all the 17 SDGs' Goals.

University has actively published articles/ research papers under SDG 2, 3, 7, 8, 9,11,20,17

Robustly published 50 research papers/book chapters/ articles under SDG 3 and 32 under SDG 9

Internships for UG Students

The Centre of Excellence for SDG provides students with internships on various challenging issues in nearby villages. The Centre remains committed to nurturing such collaborations and providing students with valuable internship experiences to foster their growth in the field of Sustainable Development Goals.

Centre has organised An Official Side Event of the UNECOSOC Youth Forum 2023 on the Transformative Potential of Youth Participation in SDG advancement

Event Details:

Date & Day: 28th April 2023, Friday

Time: 10 am - 11:30 am (IST)

Format: Panel Discussion

Lead Organizer: Alexis Foundation

Co-organiser: ECPD, UN University for Peace

Co-Organizer and Host: K R Mangalam University, Gurugram, Haryana, India

Partner: Adhrit Foundation

Mode: Blended – Online and Offline

Participation: 330 delegates from 11 Countries

Objectives of the event:

• To increase awareness about the importance of youth participation in the Advancement of the SDGs; and

• To provide concrete examples of how youth are already playing a critical role in advancing the SDGs in their communities.

This event is timely and relevant, given that 2023 is crucial for implementing the 2030 Agenda. It is also an opportunity to reflect on the progress made since adopting the 2030 Agenda and identify areas where further effort is needed.

The event contributed to reviewing the progress and advancement of several SDGs, such as clean water and sanitation (SDG 6), affordable and clean energy (SDG 7), industry, innovation and infrastructure (SDG 9), sustainable cities and communities (SDG 11), and partnerships for the goals (SDG 17).

Speakers:

OFFICE OF DEAN STUDENT WELFARE

Student Welfare provides ample scope, opportunities, and facilities for the students' all-around development of personality and leadership qualities. Here, all the activities are undertaken to promote opportunities for the youth to enhance their skills and talents to boost their confidence. Besides undertaking engagement activities regarding the facilitation of outcomes during and after the students' pursuit of academic activities, the office acts as a communication channel between the students and the university administration.

Objectives of the Student Welfare Office

The objectives of the Student Welfare are as under:

1. To supervise and generally guide the activities of the Student Council of the University.

2. To work with the Sports Committee, Hostel Wardens, Alumni Office and Cultural Committee on all student Welfare matters.

3. To establish and support student guidance and counselling.

4. To initiate scholarship awards for deserving students and undertake various responsibilities as directed by the Vice-Chancellor, focusing on enhancing the student experience and maintaining university standards.

5. To collaborate with university staff on student welfare, manage hostel amenities and canteen operations, and address student grievances to ensure a supportive campus environment.

6. To take proper steps with respect to grievances of students.

Student Council

The K.R. Mangalam University's Student Council is a dynamic and enthusiastic group of students who are committed to making a positive impact on campus life. They serve as role models for their fellow students and are a testament to the university's commitment to fostering leadership and personal growth among its students. Led by the Dean of Student Welfare and the Assistant Dean of Student Welfare, the Student Council plays a crucial role in organizing events, programs, and activities that foster a sense of community and engagement among students.

Clubs and Societies

KRMU offers a vibrant campus life to the students and the faculty. From cultural events to scientific experiments, from robotic developments to artistic strokes, apprentices at KRMU keep their enthusiasm high and deliver impeccable participation in all activities. The University supports more than fifteen clubs/societies primarily run by the students. These clubs/societies offer students a platform to showcase their talents and acquire new traits that can be learned while thinking out of the box. Various activities are organised so students can learn new skills and hone their skills and hobbies.

Different clubs and societies are operational at KRMU, where the students can participate and play an active role. These clubs and societies are as follows:

1. Chetna Society

2. Model United Nations Club

3. Rhetoric Club

4. Red Cross Society

5. Cultural Club

6. DIA Club

7. Dr APJ Abdul Kalam Science Society

8. Management Society

9. E-Yantra Society

10. Mediaverse

11. NSS (National Service Scheme)

12. Investment Club

13. Health Society

14. Computer Society of India

Each university club plays a crucial role in enhancing students' overall educational experience, providing opportunities for personal growth, skill development, and community engagement. These clubs contribute to a vibrant campus life and help students become well-rounded individuals with a deep sense of social responsibility and a wide range of skills and interests.

12	20-Jun-23	Commencement of Event (From Financial Literate to Riches)

The Investment Club at KRMU has an exciting lineup of activities aimed at enhancing financial literacy and investment knowledge among students. The club kicked off the year with "Emotionless Investor," encouraging members to make rational investment decisions. In September, there's "Grab the Best Option at the Options," an event likely focused on options trading strategies. Later in the month, students had the opportunity to attend a lecture by Dr. Gurbir S Khera, a CFA, discussing wealth maximization with a special focus on the Forex market.

In October, the club organised a seminar titled "Investments in Security Markets are Subject to Market Risk," in collaboration with NSE (National Stock Exchange). The second part of the academic year began with an orientation session for the club in March. April saw preparations for "Stockathon," an investment competition that commenced in April and concluded in May, with result declarations. May brought another event, a "Workshop on Option Trading" in collaboration with NSE, followed by the commencement of the workshop in May.

In June, the club prepared for the "From Financial Literate to Riches" competition, focusing on turning financial literacy into practical wealth-building skills. The competition officially started in June. These activities reflected the Investment Club's dedication to educating students about the intricacies of financial markets and investment opportunities.Top of Form

The Computer Society of India (CSI) at KRMU had an array of exciting events and activities planned throughout the academic year. These events aim to foster a deeper understanding of computer science and technology among students. The year starts with a Gaming Event in September, providing students with a platform to showcase their gaming skills. In October, the society hosts a Tech Talk, which likely involved discussions on cutting-edge technology trends.

In November, Code Reckoning took place, where students demonstrated their coding prowess. In March, the society collaborated with other universities for Shark Tank, an inter-university event that likely focused on technology-based entrepreneurial pitches. The second part of the academic year began with an Induction Program in March, welcoming new members to the CSI. In April, an introductory session on upcoming technologies in computer science is conducted, keeping students updated on the latest developments. April also featured a Portfolio Designing Event, helping students create impressive portfolios. In May, there was the Code Cracker Competition, likely a coding challenge.

The academic year wrapped up with events focusing on big data and analytics. In May, there was an introduction to Hadoop, a prominent tool in big data analytics. Finally, in June, students received training on HIVE Technology, an integral component of big data processing. These activities reflected the CSI's commitment to enhancing students' knowledge and skills in the field of computer science and technology.Top of Form

UNIVERSITY HOSTEL

The university hostel with 162 rooms would likely be a relatively large and comprehensive residential facility designed to accommodate many students. Some details of the hostel are presented below:

1. **Room Configuration:** Each hostel room is typically designed to accommodate four students having four single beds, along with desks, chairs, storage space, and possibly a shared bathroom.

2. **Location:** The university hostel is on campus, making it convenient for students to attend classes, use campus facilities, and engage in campus activities.

3. **Sports:** There are indoor games to play (pool, table tennis, badminton, and foosball), outdoor games to play (basketball, football, cricket, and long tennis), and a gym for health fitness and exercise.

4. **Amenities:** The hostel offers communal facilities to meet the needs of a larger number of residents. This can include a dining area for both (Boys and Girls), common areas for socializing and studying, laundry and clothes iron facilities, a centralised air conditioner, 24 x 7 Wi-Fi, a water dispenser for cold and hot filtered water, and possibly recreational areas.

5. **Security:** Considering the high number of students, security measures like electronic punching, surveillance cameras and a large team of 24 x 7 security personnel have been put in place for the security of both boys and girls, to ensure the safety and well-being of all the hostel residents.

6. **Hostel Staff:** With a larger hostel, there is a team of hostel wardens for both Boys and Girls hostel separately, chief warden hostels and hostel residents to provide support, organize events, and help to build a sense of community among students.

7. **Community Building:** The hostel administration organises events, workshops, and activities to help residents get to know each other and create a sense of community.

8. **Transport:** Transport facility for every weekend and holiday for hostel students who want to visit the nearby location.

9. **Accessibility:** The hostel has been designed to accommodate students with disabilities, providing accessible entrances, rooms, and facilities.
