ABOUT EVENT

A hackathon is an event where participants (either as a team or individually) come up with a project/proof of concept based on the theme or problem statement that is given beforehand, and present it in front of the judges. Winners are decided based on their presentation and the project built.

Our hackathon event will span for 2-days, during which usually many mini-events also take place, like workshops, activities and light hearted games for refreshment.

These mini-events serve the purpose of having activities that promote learning of any event attendee as well as participants. It also drives more activity towards the event, even from individuals who may not be taking part in the hackathon competition but may be interested in attending the workshops, seminars or games.
