Administration including Complaint Management

K.R. Mangalam University ERP portal “Academia by Serosoft” enables the Registrar office, HR Office, Dean’s Office, Administrative Office, Transport Office and Hostel Wardens and faculty to manage and monitor data of faculty, employees, hostel, classroom, labs, transport, and students details and examination record etc.

A. Registrar Office

The screenshot displays the K.R. Mangalam University ERP portal interface. The top navigation bar includes the university logo, the name "K.R. Mangalam University", the user role "Administrator", the name "Mayank Kapur", and a notification bell icon. A search bar labeled "Menu Search" is positioned on the left. A sidebar menu on the left lists "Admissions", "Students", "Programs & Courses", "Users & Roles", and "Setup". The "Students" menu item is expanded, showing a sub-menu with "Students List", "Student Request", "Admission Cancellation", and "Student Department". The main content area is titled "Students List" and features a navigation bar with "Search", "Advanced Search", "Import Students Update", "Import Student Relationship", "Import Student Past History", and "Bulk Document Download Status". The "Import Student Relationship" option is currently selected. Below the navigation bar, there are two panels: "Students" and "Dashboard & Reports". The "Students" panel lists "Students List", "Student Request", "Admission Cancellation", and "Student Department". The "Dashboard & Reports" panel lists "Student Reports". The main content area is mostly blank, with some faint text visible. In the bottom right corner, there is a signature in blue ink, followed by the text "Registrar", "K.R. Mangalam University", and "Sohna Road, Gurugram, (Haryana)".

STUDENT ADMISSION AND SUPPORT

A. STUDENT ADMISSION

Meritto (formerly NoPaperForms) is used as ERP platform for Admissions Support. An enrollment cloud is a modern-age cloud-based system for educational organisations looking to manage the entire process of enrolling students from their very first touchpoint. It unifies all teams involved in the process from sales, marketing, finance, admission, and operations, and allows them to centralise, track, nurture and convert leads into applications and eventually enrollments. It provides a single source of truth for all teams to access information, track lead and applicant activity, contextually engage and nurture leads down the funnel, check application status, and collect fee payments.
